Subject : For taking necessary action against private / public schools who have burdened the parents of the students with illegal means as building funds, computer funds, generator funds, development funds, sports funds, library funds etc.

Respected Sir,

Most of the private / public schools have burdened the parents of the students with illegal means as building funds, computer funds, generator funds, development funds, sports funds, library funds etc. They have started commercializing the sale of books and uniforms too. Same have been reported in news papers and social media from the last few years.

Hence, it is prayed that necessary action may kindly be taken against those private/ public schools for the same to save society and pious profession of education.

With regards,

Amritpal Singh Sekhon
(Gen. Sec.)

Copies to :-

1. The HRD, minister of Govt. of India, New Delhi.
